

Assembly Instruction For 39738PC

Disconnect power at breaker for outlet fixture is to be installed on.

1. Install mounting bracket to outlet box.
2. Wire fixture to outlet box wires. Bare copper wire is for ground.
3. Please refer to the Glass Installing Instruction provided in the glass packaging for steps to install the glass.

This fixture is supplied with long lasting LED lighting. Each LED module can be replaced if needed. Contact Maxim Lighting for replacement. It is recommended to use a Lutron CL dimmer if dimming is required.
